

1.

Let's go around the house
Looking for the moon.
Your first clue is next to
mum/dad's laptop.
Hurry, get there soon.

2.

Well done! That was superb.
It's time for the second clue.
It's inside a section in
your wardrobe.
Which has something
you wear before
your shoe.

3.

Just look at you .You are on a roll!
I'm sure you'll crack clue
number three.
It's in a place where your
food stays cold.
Open the door,
and inside you will see.

4.

Wow. You're flying through this.
How are you already on the
fourth clue.
It's where you put your
head every night
And wake up the next
day feeling as good as new.

5.

Give yourself a high five!
It's clue number five you are on now.
You need to go where people
sit together to have
their meals
Go! I hope you know how.

6.

Clue number six! Hurray!
I'm so impressed at how well
you've done.
Head over to the shelf
where you can escape
And be pirates, dinosaurs,
fairies and anyone.

7.

You've almost found the moon.
This is the last clue you will need.
Look behind what covers
your bedroom windows
And that's where you
will succeed.

This next clue should be pretty easy.
Easy, if you pay attention here.
It's on the part of the house
that's outside
Where you wipe your
shoes
before you enter.
